

CARSON OVERSEAS

With a steady growth Carson Overseas, for the manufacturing and export of leather shoes with a state-of-the-art manufacturing facility. We are associated with a prominent Italian Design House for our footwear designs on a seasonal basis.

Today the company has over 70-Cr turnover, with its own sources of leather from Kolkata, Chennai and other cities in India.

**FROM THE
CHAIRMAN'S DESK**

The Carson Overseas has contributed significantly to this endeavor by establishing Leather Shoes manufacturing division under the title of M/s. Shoe connect in initial 1995, a proactive, forward-looking and effective fashion as well as designs framework and that's why today it's name is on the top most of Indian manufacturer & exporters list.

Introducing a state of art manufacturing footwear division which has made a remarkable achievement for the Indian Leather product industry, a single destination for international leather products i.e., Leather footwear.

➤ WE SOURCE OUR OWN LEATHER

Carson Overseas has a vast captive of raw materials, with a nationwide network of tanneries and skilled manpower, It is also well known for development of new finishes in footwear to Domestic & International market in continuous process.

The company sources its leather majorly from Kolkata & Chennai.
